ELECTRICAL CONSTRUCTION CAPITAL ACCOUNT

The Electrical Construction Capital Account is established for the purpose of constructing, maintaining and repairing street lighting and other public electric facilities, and for the purpose of purchasing and maintaining a stock of material and supplies in connection therewith, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing material and services, including for incidental and overhead expense, not to exceed the following percentages: Twenty per cent of the direct labor charges and seven per cent of the material and other charges; provided that charges for the use of trucks, compressors, mixers and other rolling and mechanical equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

Expenditures are authorized to be made for material and supplies for hire of trucks and other equipment and for other services

ENGINEERING REVOLVING FUND

The Engineering Revolving Fund is established for the purpose of doing the necessary work in connection with the engineering, inspection and supervision of projects under the jurisdiction or supervision of the Department of Public Works of the City of Chicago, the expense of which is to be reimbursed from appropriations of the City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Section 7-24.1 to 7-24.10 of the Municipal Code of Chicago and to the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing the services including not to exceed twenty percent for overhead and incidental expenses, provided that the engineering and drafting furniture, machinery and equipment used in the furnishing of services shall be charged for at fair rates as established by the department, subject to the approval of the Comptroller. Such rates for furniture and equipment used in furnishing of services shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance and operation of such equipment and furniture and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Engineering Revolving Fund to a Depreciation Reserve Fund and expended therefrom for the replacement of equipment; including automotive equipment.

Expenditures are authorized for all items as may be necessary, as shall enter into or become a part of the cost of furnishing the services herein authorized.

Expenditures for salaries and wages, including increments for schedule salary adjustments, and compensation for use of personally-owned automobiles are limited to such positions, such number of positions, and rates of compensation as are specified hereunder.

Additional compensation of twenty-five cents per hour is authorized to be paid to employes during such periods as they may work under compressed air.

Overtime at established rates is authorized to be paid to employes.

Upon determination by said Comptroller of all insurance required, in the forms, kinds and amounts directed to be procured, Tenant shall deliver all policy originals or duplicate originals and endorsements thereto or certificates showing such insurance to be in effect, to Comptroller which shall be appended hereto as Exhibit C.

It is agreed that the Tenant may, without further approval of the Landlord, assign and set over to such lender all of Tenant's right, title and interest in and to this Agreement for the purpose of securing such loan. Any such assignee-lender shall thereupon acquire no greater interest in the Demised Premises than that of the Tenant as herein provided. Landlord expressly reserves the right to assess an extra charge against any approved assignee, sublessee, licensee or permittee hereunder.

It is expressly understood and agreed that the only activity which Tenant may conduct on or from the Demised Premises, directly or indirectly, alone or through others, is only as authorized under the terms of this Agreement.

This Agreement does not constitute either party, the agent or representative of the other for any purpose whatsoever.

Landlord covenants that Tenant shall and may peaceably and quietly have, hold and enjoy the premises or space leased exclusively to it during the term of the letting thereof and any extension of said term, unless such term or extension thereof shall cease, close or expire sooner or shall be terminated as provided in this instrument.

Tenant shall make no claim of any kind against Landlord, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Agreement Landlord may sue for and recover all damages and rent accrued or accruing under this Agreement or arising out of any breach thereof.

Landlord may, if it so elects, pursue any other remedies provided by law for the breach of this Agreement or any of its terms, covenants, conditions or stipulations. OFFICE OF THE MAYOR
CITY OF CHICAGO

PROCLAMATION

WHEREAS, The Chicago Public Library Board has declared January 2nd as a Day of Amnesty when anyone who has a Public Library book can bring it back with no payment of fine whatsoever; and

WHEREAS, Throughout the years thousands of books have been taken on loan from the Public Library and not returned; and

Daley, Mayor of the City of Chicago and the members of the City Council do hereby proclaim January 2nd, 1968 as Fine-Free Day or Day of Amnesty in Chicago, and urge the public to cooperate by returning all Chicago Public Library books either to the main Library or at any of its branches.

IN MATTER OF ATTACK ON ALDERMAN DESPRES AND ATTEMPTED ATTACK ON ALDERMAN BURKE.

The Mayor noted with great regret the absence of Alderman Despres because of the terrible attack upon him the preceding night. He also alluded to the shocking attack upon Alderman Burke on the same night. The Mayor further said, "I have talked to Mrs. Despres and I am happy to report to the members of the City Council that the Alderman is in good condition".

The Mayor said, "the spread of the acts of violence occurring in our City, as well as in the streets of all America, is a disgrace to our society and all of us should take the necessary steps to correct this situation. We are living in a period in which hatred and violence are replacing love and friendship". The Mayor further stated that it is a disgrace to our State and Nation that we cannot successfully pass a rigid firearm and weapon control legislative program. All of us know there are too many weapons in the hands of people who should not have firearms.

The Mayor also stated that we had provided for an additional 700 policemen in the 1968 budget; however, if necessary, we would ask for another 5,000 policemen in order to protect the people of Chicago and to curb the violence in order to make the streets of Chicago safe for all of its people. There must be every effort made to have an orderly society and respect for law and order.

The Mayor further mentioned that we must have active participation by the citizens of our City to help the Police Department in the apprehension of persons who are committing crimes or who are in the process of crime. Further, the Mayor said, there is no person going to take over the City of Chicago, its streets or any conventions as long as he is the Mayor of this City. We want to respect the rights of American citizens to petition and demonstrate in an orderly

manner, but no violence will be permitted and no one —today, tomorrow, or any other day should attempt to take over the orderly process of Government.

The Mayor further stated that "I would ask all of you Aldermen to start off with constructive programs in your neighborhoods and wards in order to bring about a condition which will improve the City of Chicago for all of its people".

Court Decision.

A communication from the Law Department signed by Henry N. Novoselsky, Assistant Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, advising the City Council that on December 19, 1967 the Illinois Appellate Court in a cause entitled *Ira Mae Fortee v. License Appeal Commission of the City of Chicago, et al., and Richard J. Daley, etc., Illinois Appellate Court No. 52130,* on an appeal from the decision of the Circuit Court of Cook County judgment reversing the finding of the Local Liquor Control Commissioner of Chicago which was an order revoking the Liquor License of Plaintiff-Appellee. No appearance or brief was filed by Plaintiff. Based on sundry violations of the Illinois Statutes and ordinances of the City of Chicago, this substantial evidence giving more than sufficient cause for revocation of the Liquor License, the Appellate Court found no cause or reason to disturb the finding of the Liquor Control Commission and therefore the Judgment of the Circuit Court was reversed.—*Placed on File.*

each in advance on the first day of each and every month of said term, it being agreed by and between the parties hereto that the time of each and all of such payments is of the essence of this agreement. It is agreed by and between the parties hereto that either party may terminate this lease at the end of any calendar month by giving the other party 30 day prior written notice

Lessee shall, in addition to the rent above provided, pay all water rents levied or charged upon the demised premises during the time for which this lease is granted and in case no water rates are levied specifically upon said premises Lessee shall pay the no part of all water rates levied or charged upon the building in which said demised premises are situated, and in case said water rates shall not be paid when due Lessor shall have the right to pay the same, which amount so paid, together with any sums paid by Lessor to keep said premises and their appurtenances in a clean and healthy condition as hereinbefore specified, are hereby declared to be so much additional rent and shall be due and payable with the next installment of rent due thereafter under this lease.

SECOND:—Said premises shall not be sub-let in whole or in part to any person other than Lessee, and Lessee shall not assign this lease without, in each case, the consent in writing of Lessor first had and obtained; nor permit to take place by any act or default of himself or any person within his control, any transfer by operation of Law of Lessee's interest created hereby; nor offer for lease or sublease the said premises, nor any portion thereof, by placing notices or signs of "To Let," or any other similar sign or notice in any place, nor by advertising the same in any newspaper or place or manner whatsoever without, in each case, the consent in writing of Lessor first had and obtained. If Lessee, or any one or more of the Lessees, if there be more than one, shall make an assignment for the benefit of creditors, or shall be adjudged a bankrupt, Lessor may terminate this lease, and in such event Lessee shall at once pay Lessor a sum of money equal to the entire amount of rent reserved by this lease for the then unexpired portion of the term hereby created, as liquidated damages.

THIRD:—Lessee shall not permit any unlawful or immoral practice, with or without his knowledge or consent, to be committed or carried on therein by himself or by any other person whomsoever; nor for any use other than hereinbefore specified nor allow said premises to be used for any purpose that will increase the rate of insurance thereon, nor keep or use or permit to be kept or used in or on said premises, or in or on any place contiguous thereto, any inflammable fluids or explosives without the written permission of Lessor first had and obtained; nor for any purpose whatsoever that will injure the reputation of the premises, or of building which they form a part, or which will disturb the tenants of said building or the inhabitants of the neighborhood.

FOURTH:—Lessee has examined said premises prior to and as a condition precedent to his acceptance and the execution hereof, and is satisfied with the physical condition thereof, and his taking possession thereof shall be conclusive evidence of his receipt thereof in good order and repair, except as otherwise specified herein, and agrees and admits that no representation as to the condition or repair thereof has been made by Lessor or his agent, which is not herein expressed, or endorsed hereon; and likewise agrees and admits that no agreement or promise to decorate, alter, repair or improve said premises, either before or after the execution hereof, not contained herein, has been made by Lessor or his agent.

FIFTH:—Lessee shall keep the said premises and appurtenances thereto in said demised premises in a clean, sightly and healthy condition, and in good repair, all according to the statutes and ordinances in such cases made and provided, and the directions of public officers thereunto duly authorized, all at his own expense, and shall yield the same back to Lessor upon the termination of the said lease, whether such termination shall occur by expiration of the term, or in any other manner whatsoever, in the same condition of cleanliness, repair and sightliness as at the date of the execution hereof, loss by fire and reasonable wear and tear excepted. Lessee shall make all necessary repairs and renewals upon said premises and replace broken plate glass, glass with like material of the same size and quality as that broken and shall insure all glass in windows and doors of said demised premises at his own expense. If, however, the said premises shall not thus be kept in good repair and in a clean, sightly and healthy condition by Lessee, as aforesaid, Lessor may enter the same, himself or by his agents, servants or employes, without such entering causing or constituting a termination of this lease or an interference with the possession of the premises by Lessee, and Lessee hereby waives the right to terminate this lease or claim possession of said premises for Lessor's failure to keep the premises in good repair, and may remove all persons therefrom, and Lessee shall upon demand pay the cost thereof and of putting the premises in good repair, with reasonable additional compensation for the use and occupation of the premises during the time the same are being repaired, and the said amounts shall be collectible by distress, summary proceedings or otherwise.

SIXTH:—Lessee shall allow Lessor, his agents, employes or servants, or any other person thereunto authorized by Lessor, free access to the premises hereby leased for the purpose of examining the same, to ascertain if the same are in good repair and in a clean, sightly and healthy condition, and to make such repairs or alterations as Lessor may see fit to make, and to exhibit the same to prospective purchasers of the building in which said premises are contained, and to prospective tenants in the place of Lessee, and for the last mentioned purpose to allow the placing of usual signs and notices thereon, at such places as may be deemed for Lessor, notices of "For Rent", and Lessee undertakes and agrees that neither he nor any person within his control will interfere with said notices when thus placed. Lessor shall have the right of access herein mentioned with or without Lessee's consent. If Lessee or any person under his control, shall refuse or fail to allow access to said premises as in this paragraph provided, or to allow the placing of any "For Rent" notice as in this paragraph provided, or shall interfere with any such notice, he shall pay to Lessor, as liquidated damages and not a penalty, for each such violation a sum equivalent to three months' rent, it being recognized that the actual damages caused by such violations, while real and substantial are very difficult, if not impossible, of ascertainment.

SEVENTH:—Lessor shall not be liable to Lessee for any damage or injury to him or his property occasioned by the failure of Lessor to keep said premises in repair, and shall not be liable for any injury done or occasioned by wind or by or from any defect of plumbing, electric wiring or of insulation thereof, gas pipes, water pipes or steam pipes, or from broken stairs, porches, railings or walks, or from the backing up of any sewer pipe or down-spout, or from the bursting, leaking or running of any tank, tub, washstand, water closet or waste pipe, drain, or any other pipe or tank in, upon or about said building or premises nor from the escape of steam or hot water from any radiator, it being agreed that said radiators are under the control of Lessee, nor for any such damage or injury occasioned by water, snow or ice being upon or coming through the roof, skylight, trap-door, stairs, walks or any other place upon or near said premises, or otherwise, nor for any such damage or injury done or occasioned by the falling of any fixture, plaster or stucco, nor for any damage or injury arising from any act, omission or negligence of co-tenants or of other persons, occupants of the same building or of adjoining or contiguous buildings or of owners of adjacent or contiguous property, or of Lessor's agents or Lessor himself, all claims for any such damage or injury being hereby expressly waived by Lessee.

EIGHTH:—Lessee shall not attach, affix or exhibit or permit to be attached, affixed or exhibited, except by Lessor or his agent, any articles of permanent character or any sign, attached or detached, with any writing or printing thereon, to any window, floor, ceiling, door or wall in any place in or about said premises, or any appurtenances thereto, without in each case the written consent of Lessor first had and obtained; and shall not commit or suffer any waste in or about said premises; and shall make no changes or alterations in the premises by the erection of partitions or the moving of walls, or otherwise, without the consent in writing of Lessor; and in case he shall affix additional locks or bolts on doors or window, or shall place in said demised premises, lighting fixtures or any fixtures of any kind, without the consent of Lessor first had and obtained, such locks, bolts and fixtures shall remain for the benefit of Lessor, and without expense of removal or maintenance to Lessor. Lessor shall have the privilege of retaining the same if he desires. If he does not desire to retain the same, he may remove and store the same, and Lessee agrees to pay the expense of removal and storage thereof.

NINTH:—Where building is equipped for the purpose, Lessor shall furnish to Lessee, in the radiators a reasonable amount of hot water or steam heat at reasonable hours, if the weather and temperature require it from the 1st day of October until the 30th day of April of the succeeding year for the use of Lessee, except when prevented by strike, accident, or other cause beyond the control or prevention of Lessor, and except during the repairing of the apparatus provided in said building for the furnishing of said heat. Lessor shall not be held liable for any injury or damage whatsoever which may arise or accrue from his failure to furnish heat, regardless of the cause of such failure, all claims for such injury or damage being hereby expressly waived by Lessee. The provisions of this paragraph shall not apply unless in space immediately following. Lessor shall expressly agree to furnish heat,

.....

.....

TENTH:—In case said premises shall be rendered untenantable by fire, explosion or other casualty, Lessor may, at his option, terminate this lease or repair said premises within sixty days. If Lessor does not repair said premises within said time, or the building containing said premises shall have been wholly destroyed, the term hereby created shall cease and determine.

ELEVENTH:—At the termination of this Lease, by lapse of time or otherwise, Lessee shall yield up immediate possession to Lessor, and return the keys to said demised premises

WITNESS the hands and seals of the parties hereto the day and year first above written.

IN THE PRESENCE OF

to Lessor at the place stipulated herein for the payment of rent, and failing so to do, shall pay as liquidated damages for the whole time such possession is withheld a sum equal to twice the amount of the rent herein reserved, prorated and averaged per day of such withholding. But the provisions of this clause and the acceptance of any such liquidated damages by Lessor shall not constitute a waiver by Lessor of his right of reentry as hereinafter set forth, nor shall any other act in apparent affirmance of the tenancy operate as a waiver of the right to terminate this lease or operate as an extension thereof.

TWELFTH:—If Lessee shall vacate or abandon said premises or permit the same to remain vacant or unoccupied for a period of ten days, or in case of the non-payment of the rent reserved hereby, or any part thereof, or of the breach of any covenant or covenants contained, Lessee's right to the possession of the demised premises, thereupon shall terminate, with or without any notice or demand whatsoever, and the mere return of possession thereafter by Lessee shall constitute a forcible detainer of said demised premises, and if the Lessor so elects, but not otherwise, and with or without notice of such election or any notice or demand whatsoever, this lease shall thereupon terminate, and upon the termination of Lessee's right of possession, as aforesaid, whether this lease be terminated or not, Lessee agrees to surrender possession of the demised premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the said premises whatsoever, and hereby grants to Lessor full and free license to enter into and upon said premises or any part thereof, to take possession thereof with or without process of law, and to expel and to remove Lessee or any other person who may be occupying the said premises or any part thereof as a member of his family or otherwise, and Lessee hereby waives the use of such force in and about expelling and removing Lessee and said other person as may reasonably be necessary, and Lessor may re-possess himself of the said premises as in the former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause a forfeiture of rents due by virtue thereof, nor a waiver of any covenant, agreement or promise in said lease contained, to be performed by Lessee. Lessee hereby waives all notice of any election made by Lessor hereunder, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this state relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or by the common law during the term of this lease or any extension thereof. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Lessee, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express written waiver, shall not be construed as a waiver of Lessor's right to act without notice or demand or of any other right hereby given Lessor, or as an election not to proceed under the provisions of this lease.

THIRTEENTH:—If Lessee's right to the possession of said premises shall be terminated in any way, said premises, or any part thereof, may, but need not, be relet by Lessor, for the account and benefit of Lessee, for such rent and upon such terms and to such persons and for such period or periods as may seem fit to the Lessor, but Lessor shall not be required to accept as tenant any person proposed as tenant hereunder who does not meet the then usual standards of financial responsibility and character of tenants in the area in which the demised premises are located, and Lessor shall not be required to accept any tenant offered by Lessee unless such tenant and the proposed use of the demised premises both conform to all applicable laws, ordinances and regulations, and Lessor shall not be required to lease the demised premises for a rental less than the current rental then being charged for comparable space in the building. Lessor shall not be responsible or liable for any failure to relet the premises or any part thereof, or for any failure to collect any rent due upon such reletting, but in no event to be less than Ten Dollars, and including also expenses of redecorating. Lessee shall pay to Lessor monthly all deficiencies but the acceptance of any rent by Lessor, in place of Lessee, shall not operate as a cancellation hereof, nor to release Lessee from the performance of any covenant, promise or agreement herein contained, and performance by any substituted tenant by the payment of rent, or otherwise, shall constitute only satisfaction pro tanto of the obligations of Lessee arising hereunder.

FOURTEENTH:—Lessee shall pay and discharge all costs, expenses and attorneys' fees, which shall be incurred and expended by Lessor in enforcing the covenants and agreements of this lease, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

FIFTEENTH:—If default be made in the payment of the rent hereinbefore reserved, or of any installment thereof as herein provided, Lessee does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for him and in his name, from time to time, to waive the issuance of process and service thereof, to confess judgment against Lessee, for the amount of rent which may be then due, by virtue of these presents hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with five per cent of such amount as attorney's fees in or about the entry of said judgment, and for said purpose to file said lease or a copy thereof, and to release all errors in said proceedings, and to waive and release all right of appeal and right to writ of error, and consenting to an immediate execution and all other process in said proceedings, and Lessee hereby ratifies and confirms all that said attorney may lawfully do by virtue hereof. Lessee shall have a first lien on Lessee's interest in this lease, and on Lessee's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due Lessor hereunder, which lien may be foreclosed in any action brought for such foreclosure proceeding, a receiver shall be appointed to take charge of said premises and collect the revenues issuing out of the same.

SIXTEENTH:—The obligation of Lessee to pay the rent reserved hereby during the balance of the term hereof, or during any extension hereof, shall not be deemed to be released or terminated, nor shall the rights of Lessor to commence enforcement proceedings as herein set forth be deemed to be waived or terminated, by the service of any five-day notice or by the collection of any judgment for possession, or for any of the foregoing, or by the issuance of any execution on the date therein named, the institution of any action of forcible detainer or entry, or any judgment for possession that may be rendered in such action, or by Lessor's reinstating in the termination of Lessee's right to possession of the demised premises, but Lessor may collect and receive any rent due from Lessee, and payment of rent or the receipt thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner waive, affect, change, modify or alter any rights or remedies which Lessor has or may have hereof.

SEVENTEENTH:—The rules and regulations contained on the reverse hereof are made a part hereof by reference, and incorporated herein as such, and Lessee agrees that this lease in the same manner as if the said rules were originally contained herein as covenants, and a failure to observe the same shall be of the same effect as a breach of covenant. Further reasonable rules and regulations as may later be required by Lessor, may be necessary for the proper and orderly care of the building of which the demised are a part.

EIGHTEENTH:—All covenants, promises, representations and agreements herein contained shall be binding upon and inure to the benefit of the heirs, executors, administrators or assigns respectively of Lessor and Lessee.

NINETEENTH:—The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

TWENTIETH:—The words "Lessor" and "Lessee" whenever and wherever used herein, though expressed in the singular number, shall extend to be and include the persons, one or more, male or female, and by the firms or corporations, in the plural in number, respectively, as the same may be described as Lessor or Lessee herein, and all pronouns used herein and referring to said parties shall be construed to refer to genders either of number or gender thereof. If there be more than one Lessee, the grant of attorney contained in Clause "FIFTEENTH" is given jointly and severally, and shall authorize the entry of appearance of, waiver of issuance of process and trial by, and confession of judgment, against any one or more of such Lessees, and the performance of every other act mentioned in said Clause "FIFTEENTH," in the name of and on behalf of any one or more of such Lessees.

Honorable Richard J. Daley, Mayor, then read the following statement to the City Council on the proposed firearms control legislation:

I have called this special session of the City Council because I believe that the legislation being introduced today is vital to the welfare and well being of every resident of Chicago.

All of us are familiar with the rising trend of crime and violence in our country, particularly with guns. We are fortunate that in Chicago the increase in crime is less than the national increase but this can be of little comfort to us knowing that in our own city from 1965 to 1967, serious assaults with guns increased by nearly 100 percent and robberies with guns by 27 percent.

In that same three year period, more than 1,400 people were murdered by guns, an increase of 60 percent. Just as shocking is the evidence that more and more guns are finding their way into the hands of young people. From 1965 through 1967, youth involvement in murder by guns jumped an alarming 150 percent. It is horrifying to look back on 1967—a year of great progress and achievement for Chicago—and find that 95 young people committed murder with guns.

Last year in Chicago, 1,293 young people who were arrested for various crimes, had a gun in their possession at the time of arrest. More than half the youth arrested were under 17. One of them was 8 years old; 3 were 9 years old; 3 were 10 years old; 13 were 11 years old; and 25 who carried guns and used them to murder, rape and rob, were just 12 years old.

Sometimes it is difficult to comprehend the gravity of a situation by figures alone. Let me cite to you just a few of the almost incredible instances of the wanton use of firearms in 1967 by assailants ranging in age from thirteen to twenty years:

Three thirteen year old boys were shot-gunned by three other youths—aged thirteen, fourteen and sixteen — while walking on a streat near their homes.

Two boys aged thirteen and fourteen, truant from school, obtained a twenty-five calibre automatic by burglary, and sought out a twelve year old boy they suspected of informing on them. Failing to get his admission, they shot him fatally through the temple.

A fifteen year old boy, armed with a 38 calibre revolver, fatally wounds a twenty-five year old passer-by.

A fifteen year old girl leaving a church social was caught in cross-fire of pitched battle between rival gangs and was killed instantly by a bullet through the brain. Two other girls were seriously wounded. A shotgun, a 32 calibre and a 38 calibre revolver were used.

Four youths, ages sixteen, seventeen, eighteen, and twenty—climaxed a night of robberies in which eight persons were wounded.

A seven year old boy, brother of a youth sought by three 18 year old gang members, was seriously wounded by shotgun blast after his barricaded home was invaded.

There are more—many more—of these shocking examples in the Police Department files. There is only one conclusion to be drawn. We must take every constructive action to place the ownership of guns under the strictest control.

Certainly no one is taking the position that control of firearms by itself will lead to the elimination of crime and violence, but it is incongruous to employ hundreds of additional policemen, spend millions of dollars on police communications and facilities, and encourage citizen participation to assist law enforcement agencies, and at the same time permit the unrestricted traffic of the instruments of crime and violence.

How do guns get into the possession of people who should not have them? Where do they get them? In most cases we cannot find out. There is no way of tracing guns today. The Chicago Police Department picked up more than 10,000 guns in 1967 and in most cases the people who had them refused to divulge how, when, or from whom they got them. If any of these firearms had been registered at any point it might have been possible for police to pinpoint the transaction which placed them in the hands of criminals, drug addicts or children.

We asked the State legislature for a gun registration law last year. We introduced a registration bill which received the unprecedented backing of the people of Chicago. More than 10,000 letters were sent to the General Assembly urging its passage. Over 100,000 people signed their names to petitions urging the legislators to vote for passage, and hundreds of civic and community organizations backed the bill. It received the support of radio, television and newspapers. Leading citizens of Chicago representing business, labor, all religious faiths, women's organizations, civic groups and public officials led a delegation of 300 people from Chicago to the State legislature to testify for the bill. Yet, in the face of the most vigorous public demand for gun control, the bill was defeated. Instead, the legislature abandoned the means for tracing gun transactions.

The legislation being introduced today provides for the registration of firearms. The traffic of weapons is uncontrolled because the sale of weapons is not subject to any meaningful control as long as the ownership of firearms is not a matter of record. A person may dispose of weapons to any other person with no fear of the gun being traced to him.

There is now no record of who owned the gun before the transaction and who owned it afterwards. Under the registration bill, a record of ownership is established. It defines the area of illegal gun transactions and makes possible effective investigations. It permits confiscation of weapons which are not registered. It establishes a responsible relationship between a gun and its owner, and there will be no cost for registration.

At the same time, the registration certificate issued under the bill must stay with the gun and it cannot be transferred. If a gun owner sells his gun or gives it away, he must inform the City Collector, and the new owner must register the gun again. Each owner is responsible for the gun.

With ownership established for each gun, the registration bill also provides for greater security of firearms. It requires the gun owner to report the theft or loss of a gun to the City Collector and to the Police within ten days after he discovers the gun is gone.

This involves little inconvenience to the gun owner who wants to be sure his weapon does not get into the hands of irresponsibles. The bill fixes a responsible relationship between a gun and its owner.

The bill does not discourage ownership of guns by people who have a legitimate interest in them; registration is simple. In purchasing a gun through a retail dealer, the registration form is filled out by a sales person and mailed within two days to the City Collector.

For those who already own firearms, a registration form would be filled out for the City Collector. Places of registration will be established throughout the city. Registration will also be possible by mail. I repeat, there is no cost for registration.

The process is easier than registration of an automobile, and gun registration lasts as long as the owner keeps the weapon.

Like the State law, which however does not take effect until July 1st of this year, the ordinance will prohibit the possession of guns by people who should not have them. The ordinance, which would take effect 60 days after passage, prohibits possession of guns by any person under 18 years of age, narcotic addicts, any person convicted of a felony within five years of his conviction or release from a penitentiary, the mentally retarded, or any person who has been released from a mental institution, and anyone released from the custody of the Illinois Youth Commission within five years of his release.

The ordinance further provides that a person may not possess or harbor any firearm if he is ineligible to register; and anyone who violates any section of the ordinance shall be fined $500.

This measure protects the person who has a legitimate interest in owning a gun and aids law enforcement agencies in stopping the illegal transfer of guns. It does not impose restrictions on the hunter, sportsman or other lawful owner of guns.

There are persons who question the over-all effectiveness of this legislation. But we know from statistics of the Federal Bureau of Investigation that more homicides are committed with firearms in those areas where gun regulations are lax than in areas where there are more stringent controls.

In Chicago, we can — and we will — make gun registration effective. But we need the help of all citizens to give the Chicago Police Department active support in fighting crime. It is everyone's duty to give information to the police department concerning the violation of any law and to advise police of any person who may possess an unregistered firearm.

We ask every citizen to pledge to do his part—to instill in all persons and particularly the youth of our city—a respect for law enforcement officials. Every citizen can set a personal example by cooperating and helping and encouraging others to assist the police.

The Chicago Police Department is recognized as one of the finest law enforcement agencies in the nation. Of course much of this credit goes to Superintendents Wilson and Conlisk and the members of the Police Department. However, it is also recognized that this achievement was only made possible by the wholehearted support of the people of Chicago.

I ask religious leaders, civic and community leaders, leaders of the communication media, and of labor, business, industry and the professions, indeed all the people of Chicago—to contribute in every way possible to the support of effective controls on guns—and to promote respect for law and justice, for life and property, and to make possible relationships among men which will be characterized by love and respect, and by helpfulness and cooperation.

Resolution Calling Upon Any Citizen Whom a Police Officer May Stop and Question to Cooperate by Politely Answering Police Officer's Questions.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, presented the following proposed resolution:

WHEREAS, The responsibility of a police officer to investigate serious crime and to prevent the commission of crime so that all persons may be safe and secure anywhere in our city is a most difficult and dangerous undertaking; and

WHEREAS, The shocking occurrences of violence perpetrated upon individual citizens, as well as police officers, properly call for a serious re-evaluation of the attitude of our society toward the role of the police officer; and

WHEREAS, The objective of the members of the police department to promote safety and protect the citizenry logically requires that they be permitted to deal with suspicious persons and suspicious circumstances in a manner calculated to prevent the commission of crime, reasonably gather information to assist in the solution of crimes and protect their own personal safety and well being; and

WHEREAS, Each police officer in performing his duties is required to deal courteously with every citizen and to respect his individual rights; and

WHEREAS, Our traditional concern has been for the protection of individual rights which is indeed proper in a constitutional and law-abiding society, we must, at the same time, make certain that the rights of society and the citizenry generally are equally respected under the law; now, therefore,

Be It Resolved, That the Mayor and the Members of the City Council of the City of Chicago hereby call upon any citizen whom a police officer may stop in a public place while he is investigating suspicious activity on the streets of our city to assist the police officer by cooperating and answering his questions, thereby facilitating the police officer's difficult and dangerous task of preventing and detecting the commission of crime; and

Be It Further Resolved, That we recognize that citizenship in a free society entails responsibilities as well as rights: responsibility to give reasonable and polite cooperation and assistance to a police officer in the performance of his police duties; responsibility to foster respect for lawful authority —the police officer, the teacher and the parent; responsibility to become personally involved in the society, to report a crime, to persevere as a witness to assist in the conviction of a criminal, to suffer the inconvenience of a small delay to politely answer questions of a police officer, to run to a telephone to call for assistance where a police officer may require the aid of his fellow officers. These and more are the responsibilities which must be undertaken if the society is to survive to afford all the full enjoyment of those individual rights which we all so deeply cherish.

Resolution Calling for Wider Citizen Participation in "Operation Crime-Stop" and All Leaders Who Undertake to Promote An Atmosphere of Lawfulness in Which Relationship Among Men Will Be Characterized by Love and Respect.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council, presented the following proposed resolution:

WHEREAS, The safety of every citizen in his neighborhood, in his home or in any part of our City is one of the most fundamental and basic prerequisites for a good society; and

WHEREAS, The objective of the members of the Chicago Police Department is to expend every effort to prevent crime and apprehend criminals when crime has been committed in order to keep the streets of our City safe for every citizen; and

WHEREAS, The obligations of a good citizen call for affirmative assistance and cooperation with the members of the Chicago Police Department in order to achieve this most important goal of safety for every man, woman and child; and

WHEREAS, "Operation Crime-Stop" has had significant success by involving citizen participation in reporting to police suspicious persons or circumstances, which reports have aided in the apprehension of criminals as well as the prevention of crime, and wider participation is urged; and

WHEREAS, The time has come for increased concern on the part of every citizen for the well-being of our community; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council call upon every citizen to pledge his support to the efforts of the members of the Police Department by (1) making it his personal responsibility to give information to the Police Department concerning any person or persons engaged in the violation of any law; (2) advising the Police Department, in particular, of any person who may possess a firearm or any place where any firearm may be harbored; and (3) instilling in all persons, especially the youth of our City, a respect for law enforcement officials by setting a personal example of cooperation and assistance and encouraging others to assist the police and by denouncing those who encourage harassment and obstruction and failure to cooperate with members of the Police Department; and

Be It Further Resolved, That the Mayor and the members of the City Council of the City of Chicago call upon all religious leaders, all civic and community leaders, all leaders of the communications media of radio, television and the press, all leaders of labor and business and industry, all leaders of the professions, the teachers, the lawyers, the physicians and all others to undertake with special emphasis programs designed to promote respect for law and justice, respect for persons who exercise legitimate authority, respect for life and property and dedicate themselves and their various organizations to a fulfillment of the individual responsibility of every citizen to contribute in every way possible to promote an atmosphere of lawfulness in which the relationships among men will be characterized by love and respect, helpfulness and cooperation.

Tribute Paid to Late Timothy J. O'Connor.

By unanimous consent Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His infinite wisdom, has called to his eternal reward Timothy J. O'Connor, former Commissioner of Police of the City of Chicago, on December 31, 1967; and

WHEREAS, Timothy J. O'Connor, during 37 active years on the police force, rose through the ranks from patrolman to become, at 48, Chicago's youngest police commissioner. His father died in an accident three months before he was born here, January 27, 1902. He left school at 16 to support his widowed mother. He worked for the Illinois Central Railroad, the Chicago and North Western Railway, and the Commonwealth Edison Company, before joining the force on December 31, 1927. His first 13 years were spent directing traffic at Wacker Drive and Clark Street, walking a beat, serving as a lockup keeper, working on police squads, and at five South Side police districts before being transferred to the Detective Bureau in 1936. His subsequent rise was meteoric. He was promoted to Sergeant February 9, 1940, to Lieutenant September 1, 1942 and to Captain April 9, 1946. On October 27, 1948, Commissioner John C. Prendergast appointed him Chief of Detectives. He was named Deputy Commissioner on September 7, 1949, Acting Commissioner on November 15, 1950 and on December 1, 1950, was appointed Commissioner of Police by former Mayor Martin H. Kennelly. He resigned as commissioner on January 3, 1960 after it became apparent that reorganization of the Police Department was necessary, being of the opinion that his health would not be equal to the undertaking. He was succeeded by O. W. Wilson, the first Superintendent of Police. O'Connor, still a police captain, was named Assistant Director of the Police Crime Laboratory by Superintendent Wilson, who on July 28, 1960 promoted him to supervising Captain of the 3rd Division. He wore his captain bars until the compulsory retirement age of 63, retiring on January 27, 1965, at which time he was Deputy Superintendent of the police Bureau of Field Services. Until incapacitated by a faulty heart, he was a consultant for the citizen's Traffic Safety Board; and

WHEREAS, Timothy J. O'Connor was a first rate detective. More than 400 persons were sent to jail for felonies, and hundreds of others to the House of Correction, after arrests in which he participated. He was awarded 14 citations for meritorious service. He played a leading role in the investigation of many major crimes, including the Suzanne Degnan murder by William Heirens. He was credited with effecting numerous improvements within the Department of Police with respect to administration, police communications, training and especially the developing of the Police Crime Laboratory into the nationally recognized agency that it is. The Jesuit Fathers in 1957 selected him as one of 100 Chicagoans to be cited for "outstanding service to Chicago". He received an honorary Doctor of Civil Law Degree from Lincoln College in Lincoln, Illinois in recognition of his status as a Civil War Scholar; and

WHEREAS, His friends and associates remember Timothy J. O'Connor as a robust, yet mild-mannered man of bravery and honesty, with a quick Irish wit, a devoted family man, and a model policeman who won his promotions through merit, and earned the confidence and friendship of the rank and file of the Police Department and the high regard of the citizens of Chicago; now, therefore,

Be It Resolved, That the Mayor and the members of the City Council, on behalf of the people of the City of Chicago, hereby express their appreciation of the contribution of dedicated public service which Timothy J. O'Connor, former Commissioner of Police, made to the life and safety of the City of Chicago and their sorrow at his passing, and hereby extend to the members of his bereaved family their heartfelt condolences; and

Be It Further Resolved, That a suitable copy of this memorial Resolution be presented to the family of Timothy J. O'Connor as an expression of their sympathy.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Burke (seconded by Aldermen Marzullo, Buchanan, Campbell, Hoellen, Danaher, Sain, Harvey, Hines and Keane) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Eulogies were extended by the seconding aldermen, each of whom related their knowledge of Mr. O'Connor's character and the efforts he exerted, not only for themselves but to the citizens of Chicago.

Honorable Richard J. Daley, Mayor, lauded the late Commissioner for his exemplary life, stating that he stood as a giant among men, was well read and had inaugurated scientific improvements within the Police Department, particularly in modernizing the crime detection laboratory.

(h) Any special designation of an area, place, building, structure, work of art or other similar object as a "Chicago Landmark" may be amended or rescinded in the same manner and procedure as the original designation was made.

SECTION 2. Chapter 21 of the Municipal Code of Chicago entitled "Commissioners and Commissions" is hereby amended by adding new Sections 21-64.1 and 21-64.2, as follows:

21-64.1. The following procedures shall apply to any areas, places, buildings, structures, works of art and other objects which have been designated as a "Chicago Landmark" under Section 21-64 of this Chapter, when authorizing any erection, construction, reconstruction, alterations, or demolition of structures so designated for preservation, protection, enhancement, rehabilitation and perpetuation:

(a) No building permit shall issue to any applicant without the written approval by the Commission on Chicago Historical and Architectural Landmarks in the following instances: 1) where such permit would allow the alteration or reconstruction of or addition to any improvement which constitutes all or a part of a structure or district designated as a "Chicago Landmark;" or 2) where such permit would allow the demolition of any improvement which constitutes all or part of a structure or district designated as a "Chicago Landmark;" or 3) where such a permit would allow the construction or erection of any addition to any improvement upon any land included in a district designated as a "Chicago Landmark;" or 4) where such permit would allow the construction or erection of any sign or billboard within public view which may be placed on, in or immediately adjacent to any improvement which constitutes all or part of any structure or district designated as a "Chicago Landmark;" provided, however, that in such cases wherein the construction, reconstruction, alteration, repair or demolition of any improvement designated as a "Chicago Landmark" would remedy conditions imminently dangerous to life, health or property, as determined in writing by the Building Department, or the Board of Health, or the Fire Department, the Commission shall give priority to such necessary protection of the public health, safety and welfare, and shall approve said permit notwithstanding other considerations relating to its designation as a "Chicago Landmark."

(b) Prior to issuing any permit, the Building Department shall forward any application for such permit, including copies of all detailed plans, designs, elevations, specifications and documents relating thereto, to do such work as is contemplated in subsection (a) of this Section to the Commission on Chicago Historical and Architectural Landmarks within seven (7) days of receipt thereof. If the Commission finds that the proposed work is of a nature which will not adversely affect any significant historical or architectural feature of the improvement and is appropriate or consistent with the spirit and purposes of this ordinance, it shall indicate its approval of said application in writing and return said application to the Building Department within fifteen (15) days of the receipt of said application for permit. The Building Department shall thereafter proceed with its own review of the application for a building permit from the standpoint of compliance with other provisions of the Municipal Code of Chicago. No substantial charge shall be made in the application for said building permit after said approval by the Commission without resubmittal to the Commission and approval thereof in the same manner as in the original application.

(c) If the Commission finds that the proposed work will adversely affect or destroy any significant historical or architectural feature of the improvement or is inappropriate or inconsistent with the spirit and purposes of this ordinance, the Commission shall disapprove the application for permit and shall so advise the applicant for permit and the Building Department in writing, setting forth its reasons therefor, within fifteen (15) days after receiving the copy of the application.

(d) Any applicant for a building permit may within ten (10) days of receiving notice of said disapproval elect to apply for an informal conference before the Commission for the purpose of securing such compromise in the proposed plan as in the opinion of the Commission will not adversely affect any significant historical or architectural feature of the improvement and will be appropriate or consistent with the spirit and purposes of this ordinance. Upon receiving the application for said informal conference, the Commission shall schedule such conference no later than fifteen (15) days after said application and at said conference shall explore every means for sub-

and granted to Lake Central certain rights and privileges with respect thereto, and pursuant to which Lake Central has agreed to make certain specified payments to the City and to perform certain other obligations as specified in the said Lease Agreement; and

Whereas, Allegheny and Lake Central desire that Allegheny shall make a part of the aforementioned payments to the City in return for which Allegheny shall receive an interest in the Lease Agreement;

Now, Therefore, in consideration of the premises (which are incorporated into the body of this Agreement as fully as if they were set forth therein) and of the mutual covenants and agreements herein contained and of other valuable considerations, the parties hereto covenant and agree as follows:

1. Each and every definition of a term contained in the Lease Agreement is hereby incorporated into and made a part of this Agreement.

2. Lake Central does hereby irrevocably transfer, set over and assign all of its right, title and interest in and to the Lease Agreement to Allegheny.

3. Allegheny does hereby agree to pay to the City the sum of Two Hundred Eighty Thousand Dollars ($280,000), such sum being the exact amount called for as an "Additional Rental Payment" by Section 3.03 of Article III of the Lease Agreement. Such amount shall be paid at the Office of the Comptroller of the City on the date first written above.

4. Allegheny does hereby retransfer and reassign all of its right, title and interest in and to the Lease Agreement to Lake Central. Allegheny shall have the right to revoke this reassignment upon the occurrence of certain events to be specified below. Lake Central does hereby agree to perform all of the obligations of the "Airline" under the Lease Agreement during the period of time that the foregoing reassignment to it is in effect, and does hereby agree to indemnify and hold Allegheny harmless from and against any liabilities and expenses, including attorney's fees, resulting from failure to perform such obligations or resulting from any other action or inaction by Lake Central whatsoever, whether under the Lease Agreement or otherwise.

5. The City and the Commissioner of Aviation do hereby consent to the foregoing assignment and reassignment, and to the revocation of such reassignment in the event it should occur. Allegheny shall have no rights, obligations or liabilities under the Lease Agreement unless and until it shall revoke its reassignment thereof to Lake Central and Allegheny shall at no time have any other obligations or liabilities as a result of any action or inaction by Lake Central. If Allegheny revokes its reassignment of the Lease Agreement to Lake Central it shall pay to the City a sum equal to all rentals upon which Lake Central is in default for Airline Joint Space and Airline Terminal Building Space, but Allegheny shall not be responsible for any other obligations incurred by Lake Central under the Lease Agreement or otherwise. Lake Central shall pay to Allegheny the amount of any and all such defaulted rentals which Allegheny pays to the City, promptly upon Allegheny's paying the same.

6. Allegheny shall have the right but not the duty, to revoke its reassignment of the Lease Agreement to Lake Central if Lake Central shall default in the performance of any covenant or agreement required to be performed by it under the Lease Agreement, or if there shall occur any event which, under the Lease Agreement, would give the City the right to terminate the Lease Agreement. If, under the Lease Agreement, the City is required to give Lake Central notice of any such default and an opportunity to remedy the same, the City shall simultaneously give notice of such default to Allegheny, and Allegheny may then not revoke its reassignment to Lake Central unless, within thirty (30) days of the receipt by Allegheny of such notice, Allegheny gives notive to lake Central that if Lake Central does not remedy such default, Allegheny will exercise its right to revoke its reassignment to Lake Central. In such event, if Lake Central has not remedied such default within forty-five (45) days of the receipt by it of the notice from the City, Allegheny's reassignment to Lake Central shall be revoked and Allegheny shall have fifteen (15) days within which to pay to the City a sum equal to the rentals upon which Lake Central is in default, if any, as specified in paragraph 5 of this Agreement.

7. The City and Lake Central agree that if there should occur any event which, under the Lease Agreement, would give the City the right to terminate the Lease Agreement, that they shall notify Allegheny of the occurrence of such event, promptly upon the same becoming known to them. Upon receipt of such notification Allegheny shall have the right immediately to revoke its reassignment of the Lease Agreement to Lake Central. The City agrees that it will not exercise its right to terminate the Lease Agreement without giving Allegheny a period of thirty (30) days from the date upon which Allegheny receives notice of the occurrence of the event giving rise to the City's right to so terminate, within which to exercise its right to revoke its reassignment of the Lease Agreement to Lake Central.

8. If Allegheny revokes its reassignment to Lake Central as provided in this Agreement, and if Allegheny pays to the City a sum equal to the rentals upon which Lake Central is in default (if any), and if Allegheny fulfills its obligations pursuant to paragraph 9 of this Agreement, Allegheny thereupon and thereafter shall be deemed to be the Lessee under the Lease Agreement and Allegheny's rights shall not be subject to any rights which the City may have against Allegheny's assignor, Lake Central.

9. If the reassignment of the Lease Agreement from Allegheny to Lake Central is revoked as provided in this Agreement, and if, at that time, Allegheny has not received a Certificate of Public Convenience and Necessity from the Civil Aeronautics Board to serve Chicago, Allegheny shall assign the Lease Agreement to another Airline Party. In making such new assignment, Allegheny shall follow the reasonable suggestions of the Commissioner of Aviation, and, in any event, such new assignment shall be subject to the approval of the Commissioner. Further, in making such new assignment, Allegheny shall not receive payments from the new assignee that are greater than the payments made and to be made to the City of Allegheny, including, but not limited to, the "Additional Rental Payment" made pursuant to paragraph 3 of this Agreement. Allegheny shall have a period of ninety (90) days from the date upon which is revokes its assignment to Lake Central within which to make such new assignment, and if Allegheny

does make such new assignment, the City shall, and hereby does, waive its right to terminate the Lease Agreement by reason of Allegheny's failure to conduct air transportation at the Airport or to hold a Certificate of Public Convenience and Necessity from the Civil Aeronautics Board to serve Chicago or to be a party to an Airport Use Agreement for the Airport.

10. If the reassignment of the Lease Agreement from Allegheny to Lake Central is revoked as provided in this Agreement, Lake Central shall remove from the Airline Joint Space and the Airline Terminal Building Space, all of its trade fixtures, tools, machinery, equipment, materials and supplies, and shall restore such space to its original condition, both within a period of thirty (30) days from the date of such revocation.

11. Lake Central and Allegheny hereby agree that any default by Lake Central in the performance of any covenant or agreement required to be performed by Lake Central under the Lease Agreement which causes the City to give notice to Lake Central to remedy such a default shall constitute a default under this Agreement which shall bring into effect Allegheny's right to revoke its reassignment of the Lease Agreement to Lake Central, subject to the limitations contained in paragraph 6 of this Agreement.

12. If the City Council of the City of Chicago does not approve this Agreement prior to June 30, 1968, then Lake Central will promptly pay to Allegheny the sum of Two Hundred Eighty Thousand Dollars ($280,000) and, if and when Allegheny receives a Certificate of Public Convenience and Necessity from the Civil Aeronautics Board to serve Chicago, Lake Central will serve Allegheny flights through the space leased to Lake Central under the Lease Agreement and will charge Allegheny for such service such sums as equal the reasonable expenses incurred by Lake Central in providing such service.

13. It is understood that Allegheny and Lake Central have entered into an agreement entitled "Agreement of Merger," dated October 18, 1967, pursuant to which they have agreed to merge subject to the approval of the Civil Aeronautics Board and their respective stockholders. A longevity provision in the plan insures recognition for long and faithful service to the City. It will simplify budgeting of personnel services in all departments; and

WHEREAS, In order to coordinate the provisions and the appropriate rules relating to such classification and wage and salary plan and the provisions of the Budget providing for the salaries for the fiscal year, it is desirable that the following declaration by the City Council be adopted;

Now, Therefore, Be It Resolved, That the following provisions governing the administration of compensation be adopted:

REGULATIONS GOVERNING THE ADMINISTRATION OF COMPENSATION FOR CLASSIFIED POSITIONS.

A. PURPOSE.

These regulations contain provisions governing compensation administration, benefits and working conditions for all classified positions under the jurisdiction of the Civil Service Commission in the departments and offices which are subject to control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago, except the positions in the Chicago Public Library, the Chicago Board of Education and Board of Junior Colleges District 508; and for all positions in the departments which are exempted from the jurisdiction of the Civil Service Commission but which are subject to the control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago.

B. ADOPTION AND DEFINITION OF THE COMPENSATION PLAN.

(1) Adoption of the Compensation Plan.

The salary schedules, including a range of pay for each class grade, as set forth in Schedule B-E & S Base Salary Schedules for civil service classified positions (except positions with single rates) and positions in the exempt offices; Schedule C- & T Longevity Salary Schedules for the positions covered by Schedule B-E & S and Schedule D- Base Salary Schedules for Uniformed Firefighters and Sworn Police Personnel hereof and shall constitute the compensation plan for the City employees in departments which are subject to the control of the Mayor and the City Council. The class grade for each class of positions as specified in Schedule A-1—Civil Service Classified Positions; Schedule A-3—Law Department and Schedule A-4—Board of Election Commissioners, as on file with the Civil Service Commission, shall determine the salary range applicable to all positions of the class.

(2) Base Salary Schedules.

Each base salary range in Schedule B-E & S includes an entrance rate, an intermediate rate or rates and a maximum rate. The normal entrance rate shall be the rate so designated in the salary schedule for all salaried positions. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

(3) Longevity Salary Schedules.

Each longevity salary range in Schedule C- & T includes longevity pay rates. After at least one year of satisfactory service at the maximum rate of a base salary range, each salaried employee shall be advanced to the first longevity rate of that range when he has completed a total of six years of continuous service with the City. After at least one year of satisfactory service at this rate, the employee shall be advanced to the second longevity rate when he has completed a total of ten years of continuous service with the City. After at least one year of satisfactory service at this rate, the employee shall be advanced to the third longevity rate when he has completed a total of sixteen years of continuous service with the City. After at least one year of satisfactory service at this rate, the employee shall be advanced to the fourth longevity rate when he has completed a total of twenty years of continuous service with the City. In Schedule C after at least one year of satisfactory service at this rate the employee shall be advanced to the fifth longevity rate when he has completed a total of twenty-five years of continuous service with the City.

(4) Salary Schedule for Uniformed Firefighters and Sworn Police Personnel.

The salary schedule for Uniformed Firefighters and Sworn Police Personnel as set forth in Schedule D includes an entrance rate, an intermediate rate or rates and a maximum rate in each base salary range. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedules.

(5) Salary Rates Based Upon Full-Time Employment.

The salary rates prescribed in the salary schedules are fixed on the basis of full-time service for normal work weeks of 35 to 40 hours except as indicated otherwise for certain classes in Schedules A-1, A-3 and A-4 which are on file with the Civil Service Commission. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

(6) Computation of Salaries of Part-Time Employees.

A professional employee occupying a position in Schedule B, Class Grade 12, Schedule E Class Grade E-1 and Schedule S Class Grade S-1 and above who is regularly employed on a continuing

work schedule of less than 35 hours per week, shall be compensated on the following basis:

(PT-A)—Authorized part-time service at three-fourths full time—eighty per cent (80%) of rates prescribed for full-time employment.

(PT-B)—Authorized part-time service at one-half full-time, or part-time professional service on an available-as-needed basis—sixty per cent (60%) of rates prescribed for full-time employment.

(PT-C)—Authorized part-time service at one-fourth full-time—thirty per cent (30%) of rates prescribed for full-time employment.

Any other employee who is employed on a part-time schedule shall be paid for hours actually worked at an hourly rate equivalent to the entrance salary rate of the position.

(7) Continuity of Service.

Service requirements for advancement within the salary ranges and for other purposes as specified in this resolution shall have the implication of continuous service within the City of Chicago, including the positions which are exempt from the jurisdiction of the Civil Service Commission. This means continuously paid employment without a break or interruption; provided that any absence on leave without pay or layoffs for 30 days or less or absence in individual cases adjudged eligible for duty disability compensation or absence on military leave as set forth in Chapter 24½, Paragraph 151 of the Illinois Revised Statutes, shall not affect the continuity of service. Absence from the City service on leave without pay for periods in excess of 30 days, all suspensions, time after layoffs for more than 30 days but less than one year, and all absences without leave shall be deducted in computing total continuous service. All separations, discharges and resignations not followed by reinstatement within one year shall interrupt continuous service and shall result in the loss of all prior service credit.

Any employees of the City who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Land Clearance Commission, the Chicago Housing Authority, the Metropolitan Sanitary District of Greater Chicago, the State of Illinois, the Chicago Board of Education, or Board of Junior Colleges District 508, shall have the right to have the period of such service credited and counted for the purpose of advancement within the longevity salary schedules, provided that the above interpretation of continuous service shall apply.

C. Application and Interpretation of the Compensation Plan.

(1) Starting Rate on Initial Employment.

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head and by the Civil Service Commission, or in the cases of positions in the exempt offices by the Corporation Counsel, or by the Board of Election Commissioners, and upon the approval of the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at any base rate above the normal entrance rate; provided that the position to which appointed involves executive, administrative, highly specialized, or professional duties and responsibilities; and provided further, that any such exception is based on the outstanding and unusual character of the applicant's experience and training over and above the minimum qualifications specified for the class.

(2) Starting Rate on Return to Duty.

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as is required for advancement to the next higher step.

(3) Starting Rate Following Promotion.

When an employee is promoted or reappointed from one position to a position in a higher class grade, such employee shall be paid at the rate of the lowest step in the higher salary range that will provide an increase in salary of two steps over the salary paid in the preceding year, except when an employee is promoted a second time within a fiscal year, such employee shall receive an increase of one step over his salary rate in the previous position upon his second promotion, and further provided that such employee shall be paid at least at the entrance rate of the new position, even though this may provide an increase in excess of the aforementioned limitations. This action shall be effective the first day of the next pay period.

(4) Starting Rate on Reclassification of Position.

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbents of such positions shall retain the rate of pay received in the former grade and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary they received in the higher salary range.

(5) Starting Rate on Appointment to a Position of a Lower Class Grade.

In the event that an employee is appointed to a position of a lower class grade, than that of his former position, such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a civil service promotion to a position which is of a lower grade level than the position to which he is employed the salary of said employee in the new position shall be based upon length of service in the position from which he is being promoted plus the length of service in the higher level position.

(6) Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.

After initial appointment to a classified position under the jurisdiction of the Civil Service Commission or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of an action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary

range, promotion, reclassification of the position or change of class grade of the position.

(7) Limitation of Salary Adjustments.

Personnel actions which result in increases in pay by means of advancement within a salary range, promotion, reclassification of position, or change of class grade of position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any fiscal year, unless a supplemental action is recommended by the department head and is approved (a) by the President of the Civil Service Commission for positions under its jurisdiction, or (b) by the appointing authority for positions in the exempt offices, and (c) by the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) Accumulation of Service in One Class of Positions.

Whenever an employee accepts work of the same or of a higher level under a different class of positions (or in an exempt position in the City service on leave of absence) and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) Recommendations for Pay Advancement within a Salary Range.

The department head concerned shall recommend in writing to the Civil Service Commission, or to the appropriate appointing authority for positions in exempt offices, the advance in salary of each employee in his department who has met the requirements for salary advancement within the range for his position in accordance with the service requirements specified in Section B(2) and (3) dealing with base salary schedules and longevity schedule. In the case of a classified position under jurisdiction of the Civil Service Commission, the recommendation shall include a certification that the employee has a performance rating of not less than 70, as computed in accordance with the Performance Rating Guide issued by the Civil Service Commission.

The effective date of any advancement within the Compensation Plan shall be at the first day of the next pay period following the date the advancement is recommended and authorized as provided herein and approved by the Civil Service Commission or by the appointing authority for positions in the exempt offices.

D. Prevailing Rate Positions

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions, and are not paid under the provisions of the Compensation Plan.

In the event that the pay basis for a position is changed from a prevailing rate to a salary schedule in a class grade the incumbent shall receive the lowest rate in the salary schedule that will not result in a decrease in salary. The Compensation Plan provisions shall thereafter govern.

In the event that an employee is appointed from a position paid on a prevailing rate basis to another position classified and paid under the Compensation Plan, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position as determined by the Civil Service Commission and provided further that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the salary range of the new position. The applicable Compensation Plan provisions shall thereafter govern.

E. Application of Compensation Plan.

(1) This Compensation Plan is applicable to positions indicated in Schedules A-1, A-3 and A-4 which are on file with the Civil Service Commission.

(2) Compensation of Practical Nurses.

Positions in the class of Practical Nurses are intended to be filled by persons with a state license to practice as a Practical Nurse. In cases where, due to a shortage of licensed personnel, practical nurses may be employed who have not yet obtained a license, such personnel shall be paid at the appropriate rate in the salary range next below that prescribed for Practical Nurses herein.

(3) Limitations of Available Funds.

All ordinary and special compensation provisions herein shall be effective only in the event sufficient funds for the respective positions have been appropriated and are available.

F. Automobile Allowance.

Employees shall be reimbursed for the use of personally owned automobiles in the conduct of official City business according to the provisions of Section 7 of the appropriation ordinance.

MISCELLANEOUS COMMUNICATIONS, REPORTS, ETC. REQUIRING COUNCIL ACTION (TRANSMITTED TO CITY COUNCIL BY CITY CLERK).

The City Clerk transmitted communications, reports, etc., relating to the respective subjects listed below, which were acted upon by the City Council in each case in the manner noted, as follows:

Court Decisions.

Also communications from the Department of Law, signed by Howard C. Goldman, Marsile J. Hughes, Joseph N. Lascaro, Assistants Corporation Counsel, and approved by Marvin E. Aspen, Head of Appeals and Review Division, informing the City Council as to court decisions in the causes noted below, which were *Placed on File:*

City of Chicago v. Dick Gregory, et al., Supreme Court of Illinois Nos. 39983 and 39984, Consolidated. The Illinois Supreme Court on January 19, 1968 rendered an opinion which affirmed a judgment entered on a jury verdict in the Municipal Division of the Circuit Court of Cook County in the above entitled cause. The defendants were charged with violating two provisions of the disorderly conduct ordinance (Section 193-1 of the Municipal Code of Chicago) when the defendants marched around the block wherein the Mayor of Chicago resided; ostensibly they were protesting the retention of Dr. Benjamin Willis as Superintendent of Schools. The Supreme Court found that there was an imminent threat of violence, that the police had made every reasonable effort to protect the defendants and had explained the reason for the request to cease the demonstration; the Court held that under these circumstances the defendants were not denied any right of free speech, free assembly or freedom to petition for redress of grievances.

Richard J. Daley, Mayor and Local Liquor Control Commissioner of the City of Chicago, Plaintiff-Appellant, v. Andrew Thaxton, Licensee and License Appeal Commission of the City of Chicago Defendants-Appellees, Appellate Court No. 51398. The Appellate Court of Illinois, First District, on January 22, 1968, affirmed the judgment of the Circuit Court of Cook County in the above entitled cause and held that the revocation of the defendant's liquor license was not justified by the evidence. On April 9, 1964, the Mayor, after a hearing revoked the defendant's liquor license on the grounds that on September 4, 1964, Susan Thaxton, licensee's wife and barmaid, assaulted a patron on the licensed premises with a deadly weapon in violation of State Statutes and City of Chicago ordinances. The License Appeal Commission reversed the Mayor's revocation. In an Administrative Review Action, the Circuit Court of Cook County affirmed the License Appeal Commission. The Mayor appealed to the Appellate Court; the Appellate Court held that the evidence did not sustain the revocation on the charges specified because there was no proof that Mrs. Thaxton willfully assaulted the patron.

City of Chicago v. James Cadillac Thomas, Illinois Appellate Court No. 51565. The Illinois Appellate Court on January 15, 1968 rendered an opinion which reversed the judgment of the Circuit Court of Cook County in the above entitled cause and remanded the case for a new trial. The City of Chicago filed a quasi-criminal complaint against "James Cadillac Thomas" charging him with building violations of the Municipal Code of Chicago. After a trial an order was entered by the Court, which recited that the defendant had been found guilty of the violations alleged in the complaint. A fine of $1,000.00 plus cost was imposed. An execution was issued for said amount, as to "J. Thomas, Conservator". The Appellate Court in reversing the judgment of the Circuit Court, held that the City failed to prove at the trial that James A. Thomas, Successor Conservator of the Estate of Sadie Blair, Incompetent, had any relationship to the subject premises. The Court stated that a quasi-criminal complaint must designate the accused exactly.

Zoning Reclassifications of Particular Areas.

Also applications (in triplicate) of the persons named below, together with proposed ordinances, for amendment of the Chicago Zoning Ordinance as amended, for the purpose of reclassifying particular areas, which were *Referred to the Committee on Buildings and Zoning,* as follows:
